ARCHERY 2014

Starting on Tuesday night January 28, 2014 members and non members are welcome to participate in one of two archery leagues. The starting time is 6:30 PM. Please come a little early to help set up the range. One of the two leagues is a **competition** league and we will use the 3-D targets. The distances for these targets will be out to about 40 yards. The other league will be a **recreational** league for new archers or those that need to improve their shooting skills. Targets and distances for this league will be appropriate for the archer. The club now has bows and arrows that can be used by new shooters. If you want to give archery a try, this is an opportunity for you. A recreational shooter can move to the competition league after passing a shooting proficiency test. Archers may use compound or traditional type bows. All arrows must have field or target points, not broadheads. The fee is \$5.00. A few times during the year we will conduct a drawing for a cash prize. You are entered into the drawing each time you shoot. Contact one of the discipline leaders for more information. The Tuesday night shoots will continue until late September 2014.
